The children of the Universalist Sunday school have been training for the past few weeks preparatory to presenting "The Uninvited Guest" in the assembly room at the church Friday evening at 7 o'clock. This little playlet is to help provide entertainment at the Christmas tree exercises to-morrow evening. The youngsters of the Sunday school are eagerly looking forward to this event and it is earnestly hoped there will be a goodly number of older folks on hand to help them enjoy themselves to the utmost.

The Outing club of the University of Vermont has recently elected F. K. Walker as its president for the coming season. Mr. Walker is now a senior at U. V. M., and was formerly a student of Spaulding high school. The Outing club is an organization intended to promote out-of-door sports, especially snowshoeing and skiing, and last year sent a team to the winter carnival at Dartmouth, winning second place with several colleges entered.

Mr. Walker took two first places in the snowshoe events. This year the club intend to hold a carnival of its own at Burlington, with other colleges competing, and will also probably hold an interscholastic meet at the same time for high schools of the state. The carnival will take place on the afternoon before the annual Kake Walk, which comes this year on the 22d of February.

The Granite City Tool company has just completed the erection of the largest belt-driven hammer in the Barre granite district. The machine itself weighs 5,400 pounds and the head, or hammer, which strikes the blow, weighs 200 pounds, or twice the size of any other hammer which they company owns, and 50 pounds heavier than any belt hammer in the Barre district. This is the second hammer the company has erected within a year, making five in all, and this latest addition enables them to handle almost any kind of hammer work that the granite industry requires.

From Washington, D. C., Boston, Woodstock, N. H., and Burlington, and numerous parts of the state students of the '18 class of Spaulding high school are expected to attend the class reunion in the Spaulding assembly hall to-night, beginning at 8 o'clock. Some of the members living in towns adjacent to Barre have assured the committee of their presence even if the journey has to be made on snowshoes. In truth, the largest attendance since June, 1918, is expected to-night in room A, where attendance will be taken at 8 o'clock by Miss Eva Smith. Each and every one will be required to take their old seat, and at 8:10 assembly will be called in the chapel by ex-President Harry H. Jackson, special exercises to follow. Some very interesting events have been arranged for the trial of the bridge thieves, a reading of "Young America," comments on members of the class, dancing to a four-piece orchestra until "Harry" sends us home; refreshments, and several other very interesting events.
